Guidance Notes on the Use of The Standard Tender Document

These guidance notes have been prepared by the CPTU to assist an Employer in the preparation of Standard Tender Document for the procurement of Non-Consulting Services (hereinafter referred to as STD (PSN), having estimated costs of any value. The Employer should also refer to the Public Procurement Act 2006 (Act No 24 of 2006) and the Public Procurement Rules, 2008, issued to supplement the Act available on CPTU's website: <http://www.cptu.gov.bd/>. All concerned are advised to refer to the aforementioned Act and Rules and subsequent amendment thereof along with Government directives as specified in Rule 2(43) of the PPR, 2008 while processing and participating in any Tendering process. STD (PSN) is based upon internationally acceptable model formats which have been adapted to suit the particular needs of procurement within Bangladesh.

The use of STD (PSN) applies when a Procuring Entity (PE)/employer/purchaser intends to select a Tenderer/ a Service Provider for the Procurement of non consulting services under Open Tendering Method (OTM) while the contract award is being determined on the basis of lowest evaluated responsive Tender and when a pre-qualification process has not taken place. The Employer addresses its specific needs through the information provided in the Tender Data Sheet (TDS) and the Particular Conditions of Contract (PCC) as well as in the Activity Schedule and the Performance Specifications/scope of services/ Drawings.

Guidance notes in brackets and italics are provided for both the Employer and the Tenderer and as such the Employer should carefully decide what notes need to remain and what other guidance notes might be required to assist the Tenderer in preparing its Tender Submission. The Invitation for Tenders (IFT) is provided in this Tender Document for information only.

The non-Consulting Service, among other physical services, may include the Services based on Information and Communication Technology, Janitor, Catering, Transport, Cleaning, Security, Survey/Investigation/Data Collection, Courier, Testing, Facilitating event management (Workshop/Seminar/Symposium/Congregation etc.), Training, Travel, Insurance, Washing and Laundry, Tailoring and similar other stand-alone services, pre-shipment inspection, C&F services, Hiring of manpower, geological survey or exploratory drilling, operations & maintenance of building, equipment & hiring of office/accommodation/ space etc.

STD (PSN) when properly completed will provide all the information that a Tenderer needs in order to prepare and submit a Tender. This should provide a sound basis on which the Employer/purchaser can fairly, transparently and efficiently carry out a Tender evaluation process on the Tenders submitted by the Tenderers.

STD (PSN) has 7 Sections, of which **Section 1: Instruction to Tenderer** and **Section 3: General Conditions of Contract** must not be altered or modified under any circumstances.

The following briefly describes the Sections of STD (PSN) and how an Employer should use these when preparing a particular Tender Document.

Section 1. Instructions to Tenderers (ITT)

This Section provides relevant information to help Tenderers prepare their Tenders. Information is also provided on the submission, opening, and evaluation of Tenders and on the award of Contract. The Instruction to Tenderer (ITT) specifies the instructions and procedures that govern the tendering process. This Section also contains the criteria to be used by the Employer to determine the lowest evaluated Tender and the qualifications of the Tenderer to perform the Contract. The Instructions to Tenderer (ITT) are therefore not a part of the Contract. **(The text of the Clauses in this Section shall not be modified.)**

Section 2. Tender Data Sheet (TDS)

This Section provides the information that is specific to each object of procurement and that supplements the information or requirements included in **Section 1: Instructions to Tenderers**. The Employer shall specify in the TDS only the information that the ITT instructs to be specified in the TDS. To facilitate the preparation of the TDS, its Clause Numbers are numbered with the same numbers of the corresponding ITT Clauses.

Section 3. General Conditions of Contract (GCC)

This Section provides the General Conditions of Contract that will apply to the Contract for which the Tender document is issued. The GCC clearly identifies the provisions that may normally need to be specified for a particular tendering process and need to be addressed through the PCC. **(The text of the clauses in this Section shall not be modified.)**

Section 4. Particular Conditions of Contract (PCC)

This Section provides clauses specific to the particular Contract that modify or supplement **Section 3: General Conditions of Contract**. The Employer should include at the time of issuing the Tender Documents all information that the GCC indicate, shall be provided in the PCC. No PCC Clause should be left blank. To facilitate the preparation of the PCC, its Clause Numbers are numbered with the same numbers of the corresponding GCC Clauses.

Section 5. Tender and Contract Forms

All tender and contract forms are given in Section 5. Those are from PSN-1 to PSN -9 as follows:

PSN 1- Tender Submission Form

PSN 2- Tenderer Information Form

PSN 3 – Personnel Information Form

PSN 4 – Bank Draft/Pay Order for Tender Security

Section 6. Activity Schedule/Financial Proposal

Section 7: Performance Specification and Drawings

In this section a framework has been incorporated that needs to be customised as per the type of physical service that is required to be provided.
